

PNEUMATIC TRAILER

POLAR
THE BEAR'S ALWAYS THERE

PNEUMATIC TRAILER

DRY BULK

Built Right

- Proven interior frame design with smooth exterior provides lightweight strength and durability.
- Round sloping interior surfaces with steep, smooth hoppers, to unload quickly and completely.
- Designed for ease of operation and simple maintenance.

A Full Complement of Options

- A wide variety of discharge options, loading lines, piping arrangements, and air systems available.
- Many weight-saving options help maximize your payload, including aluminum subframes, lightweight air-rides, aluminum hubs, and aluminum wheels.
- Special lengths and axle configurations are available to maximize your operation.
- Many more options available to ensure your satisfaction down the road.

Polar — A Legacy of Performance

Since 1939, Polar has paved the way as an industry leader and innovator, continually raising the bar in production of the highest quality tank trailers on the road. As it has from the beginning, Polar performance also represents a promise of commitment to customers like you, who depend on us for the best equipment available. Customer satisfaction is the bedrock on which Polar's reputation — and products — are built. That's why, from major fleet to specialized carrier, if it says "Polar," you know it's built right.
